The Scotts Easy Guide: Maximising Shelf Life Of Garden Centre Plants

Maintain plant quality until the plant is sold. Fertiliser applied in the production area may run out in the retail sales area unless supplementary feeding is applied in the retail area

Option 1 – Top Dressing

- Apply **Osmocote Start**.
- 100g/m².

Option 2 – Liquid Feeding

- Apply **Peters Excel** 18+10+18.
- Add 2kg to 20 litres water.
- Set Dosatron to 1% (1 in 100).
- Feed once a week.
